

Helping you learn to save

Piggy's tips and tricks

Helping every little saver

Pigby has been teaching his friends all about money and how to save for what they want. Truffles is saving for a new strappy bubble dress and Pigasso can't wait to be able to buy some new oil paints.

Pigby has lots of tips and tricks that could help you learn more about money - take a look.

This workbook belongs to:

.....
Write your name on the dotted line

FOR
UNDER 4
YEAR OLDS

Which one's which?

Let's learn about coins

2p

1p

Place coin here

Place coin here

5p

Place coin here

Trace and place!
Trace over the dotted line
and place the correct
coin in the space

10p

Place coin here

20p

Place coin here

50p

Place coin here

Play buying things at home – 1 biscuit = 2p

It all adds up!

What can you get for your money

I'm
2p!

+

I'm
3p!

How much is
that all together?

..... P

What's left?

Working out your change

Explain 'change' – that if you don't have the right money you give too much and get the remainder back

If Pigby has 5p and buys a carrot, how much money will he have left?

I'm 4p!

Almost there!

Let's learn to save

I'm 10p!

Help me save!

Trace over the dotted line to help Pigasso save up for the colouring pencils

5p

2p

2p

1p

FOR
5-7 YEAR
OLDS

What will you choose? Let's go shopping

If you had £5
what could
you buy?

Tick what you will buy with £5

Explain the
concept of
shopping
around –
can you get
it cheaper
elsewhere?

Which one would give
Truffles more for her money

Trace over the dotted line to help
Truffles make the right decision money?

How much can you earn?

Lend each other a little money and agree a payback date. Make sure you both stick to it!

Give each of the jobs a value (like 50p) – the stars can then be coloured in each time a job is completed

Setting the table

.....
How much is this job worth?

Putting away toys

.....
How much is this job worth?

Unloading the washing machine

.....
How much is this job worth?

Washing up

.....
How much is this job worth?

Help me get the most for my money

Spot the difference
and count how many
you can find

I can spot
5 things!
