NatWest have published this information at the request of the Competition and Markets Authority so you can compare the quality of service from personal current account providers. In providing this information, we are not giving you any advice or making any recommendation to you and we can only give you information about our own products and services.

Customers with personal current accounts were asked how likely they would be to recommend their provider, their provider's online and mobile banking services, services in branches and overdraft services to friends and family.

The results show the proportion of customers of each provider who said they were 'extremely likely' or 'very likely' to recommend each service.

Participating providers: Bank of Scotland, Barclays Bank UK, Clydesdale Bank, Coventry Building Society, first direct, Halifax, HSBC UK, Lloyds Bank, Metro Bank, Nationwide, NatWest, Royal Bank of Scotland, Santander UK, The Co-operative Bank, TSB and Yorkshire Bank.

Approximately 1000 customers a year are surveyed across Great Britain for each provider; results are only published where at least 100 customers have provided an eligible score for that service in the survey period.

16023 people were surveyed in total.

Results are updated every six months, in August and February.
