The main themes were:

- Customers have said that the reason they're unhappy about the decision to close the branch is that it has always been a busy branch.
- Customers have said they're unhappy that their accounts will be transferred to Ealing branch and have asked for them to be transferred to an alternative branch.
- Customers are concerned that the alternative ways to bank are unsuitable for their needs.

Here's what we've said and done:

- Since the notice of closure, we have introduced dedicated TechXperts who have been supporting and educating customers on the different digital options available to them and helping to address any of their concerns.

 - Mobile transactions up by 73% since 2014 – with 3,531 logins per minute to our app in Q3 2017*

How we decide to close a branch

Closing a branch is a decision we take very seriously. Since 2012 in Acton we have seen the following:

- Counter transactions have reduced by 57%
- Only 41 customers are using the branch on a regular basis. Of these customers 63% also use other branches
- A total of 8177 customers visited the branch in the last six months.
- Of these customers 83% also choose to bank online, via telephony or at an ATM

We also consider a range of local factors over a long period (June 2012-2017)

- How customers are choosing to bank with us
- How often customers are using the branch and what transactions they are doing
- Impact on customers who currently use the branch
- Other options available to customers including online, mobile, telephony, Webchat, cash machines, Video Banking and everyday banking services that can be done at local Post Offices®
- The proximity of our other branches, including our network of mobile branches
- Local transport routes and timetables

We'll help you with other ways to bank

This leaflet outlines your options when this branch closes. If you have any questions, please let us know and we'll do all we can to help.
