The way we bank is changing

More and more people are choosing to do their banking online, with our Mobile Banking app, or over the phone. It's more convenient to do it at a time and place that suits you, rather than come into branch. This means some branches are being used a lot less than they used to be.

 - 1.1 billion mobile and online transactions in first half of 2017 – an increase of 41% since the second half of 2014*
 - Number of customers using our mobile app up by 43% since 2014*
 - Mobile transactions up by 73% since 2014 – with 3,531 logins per minute to our app in Q3 2017*

How we decide to close a branch

Closing a branch is a decision we take very seriously. Since 2012 in Birmingham Broad Street we have seen the following:

- Counter transactions have reduced by 41%
- Only 6 customers are using the branch on a regular basis. Of these customers 83% also use other branches
- A total of 4452 customers visited the branch in the last six months.
- Of these customers 92% also choose to bank online, via telephony or at an ATM

We also consider a range of local factors over a long period (June 2012-2017)

- How customers are choosing to bank with us
- How often customers are using the branch and what transactions they are doing
- Impact on customers who currently use the branch
- Other options available to customers including online, mobile, telephony, Webchat, cash machines, Video Banking and everyday banking services that can be done at local Post Offices®
- The proximity of our other branches, including our network of mobile branches
- Local transport routes and timetables

We'll help you with other ways to bank

This leaflet outlines your options when this branch closes. If you have any questions, please let us know and we'll do all we can to help.
