How we decide to close a branch

Closing a branch is a decision we take very seriously. Since 2012 we have seen transactions in Chipping Sodbury reduce by 55%, with now only 46 customers using the branch on a regular weekly basis. A broad range of local factors are also considered and contribute to our decision-making process:

- We consider a range of local factors over a long period (June 2012-2017)
- How customers are choosing to bank with us
- How often customers are using the branch and what transactions they are doing
- Impact on customers who currently use the branch
- Other options available to customers including online, mobile, Telephony, Webchat, cash machines, Video Banking and everyday banking services that can be done at local Post Offices®
- The proximity of our other branches, including our network of mobile branches
- Local transport routes and timetables
